ADA CERP® | Continuing Education
Recognition Program

The American Academy of Oral and Maxillofacial Radiology is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The American Academy of Oral and Maxillofacial Radiology designates this activity for 24 continuing education credits.

2018 Oration Speakers

Friday, September 14, 2018

H. Cline Fixott, Sr. Memorial Oration

Lisa J. Koenig, BChD, DDS, MS

Professor, Department of General Dental Sciences

Associate Dean for Academic Affairs

Marquette University School of Dentistry, Milwaukee, WI

Dr. Koenig began her career as a general dentist in England. After coming to the United States, she progressed from obtaining a second doctor of dental surgery degree to currently being a tenured Professor and Associate Dean at Marquette University. Dr. Koenig is an internationally renowned speaker, having lectured on various oral and maxillofacial radiology topics. She is the recipient of multiple research grants. Additionally, she has received numerous awards, the most recent of which is the 2016 Marquette University School of Dentistry Research Day Oral Presentation award. Dr. Koenig has authored many scientific papers in the peer reviewed literature. One of her most impressive professional accomplishments is editor and author of the widely popular textbook, *Diagnostic Imaging: Oral and Maxillofacial*. In its second edition, the textbook is used by junior and seasoned OMR's alike around the world.

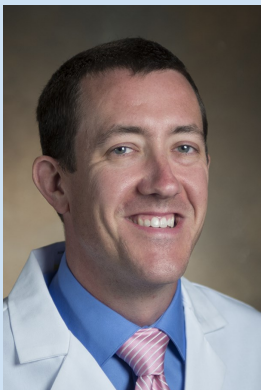

Dr. Koenig will share her expertise and experience in many facets of publishing an OMR textbook.

S. Julian Gibbs Memorial Oration

A. Kyle Jones, PhD

Associate Professor, Department of Imaging Physics

The University of Texas MD Anderson Cancer Center, Houston, TX

Dr. Jones is internationally recognized for his expertise in diagnostic medical physics, and his current clinical focus is on interventional and intraoperative imaging. He has authored over 50 peer-reviewed publications and been awarded grants for his research. In 2013, Dr. Jones received the Farrington Daniels Award for best paper on Radiation Dosimetry in Medical Physics, the journal of the American Association of Physicists in Medicine. Dr. Jones is currently leading the pilot phase of the ACR-SIR Fluoroscopy Dose Index Registry and the physics editor for the *Journal of Vascular and Interventional Radiology*. He has delivered numerous presentations as an invited speaker at national and international conferences. Dr. Jones is certified by the American Board of Radiology in Diagnostic Radiological Physics and holds a Texas Medical Board license as a Diagnostic Medical Physicist.

Dr. Jones will address current challenges in understanding risks from exposure to low doses of ionizing radiation for oral and maxillofacial patients.

Career Development Opportunities

Organized by the Residents' Advisory Committee, through AAOMR's commitment to assisting residents and early career professionals, we have organized two events specifically to meet that commitment.

Resident Lunch and Learn

Wednesday, September 12, 2018

12:00 pm - 1:30 pm

"Career after graduation: What's the best option for you?"

These exceptional speakers will share their personal career experiences, and provide guidance and advice to residents on how to approach career decisions.

Dr. Peter Green
*Private Practice
Career Choices*

Dr. Martina Parrone
*Private Practice/
Academic Career
Track*

**Lieutenant Commander,
Dr. Douglas Steffy**
*OMR Experience in the
Armed Services*

Dr. Saulo Sousa Melo
*Academic Career
Track*
